Photo Journal Entries

Your photo journal entries can be in a sketchbook, spiral, or scrapbook. Each entry needs to contain:

- One image, no words
- Bullet points - 3 (photo) **design concepts***
- 2 sentences, photographer's choices (shutter speed, depth of field, focus, etc. – on "tricks" list)

PLEASE . . .

- Keep image and words on same page spread.
- Use glue stick, not wet glue or tape.
- Write legibly.
- Don't use a marker or ink that bleeds thru paper.
- Keep your images as neat as possible.
- Keep aesthetics in mind, make it look appealing.
- You may rip out pieces, but do so carefully.
- Write about what you see, not what you like, or what this reminds you of, why you picked it.
- Make sure your name is on your journal, title page or cover or both.
