FLICKR Assignment – Gallery, Comments, Favorites – 100 points

Remember, Ms. Selle can *SEE* these through your FLICKR account. We will view the galleries in class.

Buddy Icon – update with an image, drop and drag, does not have to be a self-portrait.

Contacts – add everyone from class to your "contacts" list – you MAY friend them, but it is not necessary. See Selle web-site/hand-out for list of FLICKR addresses.

Favorite at least 10 photos from our class.

Write **comments** on at least 10 photos from our class – these may be ones you favorite, but not necessarily.

Gallery – create your own gallery of 18 pictures (FLICKR limits you to this) with images linked in some way - subject, location, theme, style, technique, design element, photo "trick" that you are passionate about. Move them around in thumbnail/slide- sorter, arrange to make good flow and aesthetically pleasing final presentation. View as slideshow.

- Search box, type interest area/topic
- Select an image you'd like to see better
- Click on it to enlarge, view on black? Keep?
- Back at its "home" click ACTION tab above it
- Scroll down/select to "add to gallery"
- Type title in "create new gallery"
- Click "done." You can drop/drag title icon later
- Can use other class members' or greater FLICKRverse – but not own images (that's what **sets** are for)
